SAWA SPA STORY

Sawā is the Miwok word for stone and is the key inspiration for the treatment menu at Trilogy at The Vineyards' Sawā Spa.

The ancient healing arts of the East Bay Miwok people used tinctures from local plants and herbs in concert with three core therapeutic elements — heat, water and stones — in various ways to heal and improve the quality of their lives.

The Sawā Spa has indoor relaxation lounges, and an outdoor serenity terrace with a private jacuzzi within the garden retreat where you can enjoy our beautiful view for a moment of reflection.
