## SAWA SPA STORY

Sawā is the Miwok word for stone and is the key inspiration for the treatment menu at Trilogy® at The Vineyards' Sawā Spa. The ancient healing arts of the East Bay Miwok people used tinctures from local plants and herbs in concert with three core therapeutic elements — heat, water and stones — in various ways to heal and improve the quality of their lives.

Sawā Spa has indoor relaxation lounges and an outdoor serenity terrace with a private hot tub within the garden retreat where you can enjoy our beautiful view for a moment of reflection.
